PROFESSIONAL EXPERIENCE

Queen's Grant Community School — Mint Hill, NC January 2026 – Present
Educational Technology Coordinator

- Serve as the primary point of contact for school-wide IT operations, providing multi-level help desk support for students and faculty.
- Execute hardware diagnostics and repairs on a large inventory of Chromebooks and Windows laptops, ensuring minimal downtime for classroom instruction.
- Manage asset control and data integrity for school technology, tracking hardware lifecycle and inventory via dedicated management software.
- Oversee device deployment and configuration, ensuring all educational technology meets school security and performance standards.

Monroe Middle School — Monroe, NC September 2023 – January 2026
Math Tutor

- Analyzed student performance data to identify trends, resulting in measurable improvements in state-wide (EOG) test scores.

Berry Global — Monroe, NC October 2020 – September 2023
Maintenance Mechanic

- Performed preventative and reactive maintenance on high-precision electrical and mechanical systems.

PROJECTS & LEADERSHIP

The Armory (Discord Organization) — *Lead Coordinator & Host*

- Founder and leader of an 80+ member technical community focused on collaborative learning and gaming.
- Organize and host online workshops teaching technical skills and software configuration to community members.
- Manage and maintain a dedicated modded Minecraft server, overseeing performance optimization and community moderation.

Freelance Web Development — *Web Designer*

- Designed, developed, and launched responsive websites for clients: 3communita.org and christbiblelcm.org.
- Focused on user experience (UX), accessibility, and SEO to ensure high visibility and ease of use for community organizations.

Self-Hosting & Server Management

- Build and maintain a home lab environment for self-hosting various web services and applications.
- Utilize Docker and Bash scripting to automate server tasks, security updates, and container management.
