

DYLAN JAMES TRUONG

Monroe, NC | (315) 297-9650 | dylan-truong@proton.me

EDUCATION

University of North Carolina at Charlotte | Charlotte, NC

Bachelor of Arts in Computer Science | **Expected August 2026** * GPA: 3.20

South Piedmont Community College | Monroe, NC

Associate of Science in Computer Science | **July 2024**

PROFESSIONAL EXPERIENCE

Queen's Grant Community School | Mint Hill, NC

Educational Technology Coordinator | **January 2026 – Present**

- Serve as the primary point of contact for school-wide IT operations, providing multi-level help desk support for students and faculty.
- Execute hardware diagnostics and repairs on a large inventory of Chromebooks and Windows laptops, ensuring minimal downtime for classroom instruction.
- Manage asset control and data integrity for school technology, tracking hardware lifecycle and inventory via dedicated management software.
- Oversee device deployment and configuration, ensuring all educational technology meets school security and performance standards.

Monroe Middle School | Monroe, NC

Math Tutor | **September 2023 – January 2026**

- Communicated complex technical and mathematical concepts to 7th-grade students, tailoring instruction to various learning styles.
- Analyzed student performance data to identify trends, resulting in measurable improvements in state-wide (EOG) test scores.

Berry Global | Monroe, NC

Maintenance Mechanic | **October 2020 – September 2023**

- Engineered ergonomic and safety solutions for industrial machinery, conducting user interviews with operators to identify and resolve usability pain points.
- Performed preventative and reactive maintenance on high-precision electrical and mechanical systems.

PROJECTS & LEADERSHIP

The Armory (Discord Organization) | **Lead Coordinator & Host** * Founder and leader of a 70+ member technical community focused on collaborative learning and gaming.

- Organize and host online workshops teaching technical skills and software configuration to community members.
- Manage and maintain a dedicated modded Minecraft server, overseeing performance optimization and community moderation.

Freelance Web Development | **Web Designer** * Designed, developed, and launched responsive websites for clients: **3communita.org** and **christbiblelcm.org**.

- Focused on user experience (UX), accessibility, and SEO to ensure high visibility and ease of use for community organizations.

Self-Hosting & Server Management * Build and maintain a home lab environment for self-hosting various web services and applications.

- Utilize Docker and Bash scripting to automate server tasks, security updates, and container management.

Electronics Repair & Restoration * Perform component-level diagnostics and soldering to restore functionality to consumer electronics, including VR headsets and retro gaming consoles.
